Bauer International Corporation Launches New Website

LAKE FOREST, USA - Enhanced Resources at www.bauerusa-intl.com Includes Line Card PDF Downloads in Product Sections, Bauer Newsletter Page, Automated Subscribe to Bauer News and Customer Inquiry Forms.

Our new website goes live today and features expanded product content. Automated form submission programming allows us to provide a streamlined method of processing our customer requests. We are notified within minutes via e-mail as soon as a new subscriber or customer inquiry is sent. The site was designed incorporating a bold graphics and color palette, along with a completely new navigation menu. This menu design allows the user to access the entire site from any page.

This new design was created for both general visitors and industry professionals. Our extensive product pages and available download section make this site a great device for educating visitors.
